
Statistik ohne Loggen der IP?

Geschrieben von Herbstklage - 2007/11/10 03:29

Ich möchte meine Homepage neu auflegen,
und benutze in der vorangegangenen Version natürlich auch eine Statistik.
Diese speichert auch für mich nicht relevante Daten wie zB die IP.
Brauch ich nicht, hab ich kein Interesse dran,
warum sollte ich also?
Ist für mich eh nur Datenmüll.

Ich bin ein Hobby-Fotograf und möchte die Seite auch als Portfolio verwenden,
entsprechend giebt es einige Daten die für mich interessant sind.
-Welche Wege hat der Besucher über meine Seite genommen
-Welche Auflistung?
-Von welcher Seite ist der Besucher gekommen?
Man will ja auch wissen wer gelinkt hat.

Weiß jemand zufällig eine möglichst kostenlose Lösung,
welche die IP nicht loggt,
oder man entsprechende Funktionen
einfach abschalten kann?
Kenne mich mit PHP und MySQL nicht wirklich aus.

Wer neugierig ist...
Herbstklage.de
Vieles ist noch nicht fertig,
und vieles ist auch noch nicht drin,
aber schöne Bilder. ;)

Ne, geht nur mit IP!

Re:Statistik ohne Loggen der IP?

Stimmt so nicht! Weil sich hinter einer IP auch mehrere Benutzer verbergen können (Daheim: Router, Schule, Universität ...) Somit ist eine Auswertung über die IP ohnehin nicht die beste Lösung.

Eine Möglichkeit wäre es mit Sessions (IDs in der URL bzw. Session-Cookie) zu arbeiten.

Hier ist ein Perl-Skript beschrieben, das das letzte Byte der IPv4-Nr. auf 0 setzt und so halb anonymisiert:

Hallo JÄ¶rg,

bin bei meiner Recherche nach einem unbedenklichen Statistik-Tool auch auf Piwik gesto¶en, allerdings steht im Forum ein Hinweis, dass die IP-Adressen doch in der DB gespeichert werden.

Kann man das umgehen? Hat jemand Piwik im Einsatz und mal in die Datenbank geschaut?

Danke,
Anne

Ich bin auch gerade am Recherchieren diesbezüglich. Ich habe in Der Datenbank keine IP-Adresse im Plain-Text finden können.

Solange "gruene.de" und "liberale.de" Piwik auch nutzen, sollte es übrigens kein Problem sein, ob mit oder ohne IP-Speicherung. ;) Immerhin bleiben die Daten ja auf jeden Fall auf dem eigenen Server, ein Fortschritt ist es also allemal. Wäre trotzdem schön, wenn die Entwickler noch eine Funktion diesbezüglich einbauen würden, so dass man es etwas leichter manuell auswählen kann. Bis dahin geht es eben so wie im Link oben beschrieben.

Es ist doch völlig egal wer diese Tools nutzt, ob grüne oder Liberale. Wenn du von einem abmahnfreundlichen Anwalt Post bekommst, mit einer Bitte um ein Obulus, wird sich kein Gericht der Welt dafür interessieren, wer es noch einsetzt, sondern es geht dann nur um Dich und Dein Geld.

Ich vermute das nach dem Urteil des Düsseldorfener Kreis die ersten schon Ihre Pläne machen. Siehe bei Webshops. Also, kurz, Ist nicht erlaubt.

Auch wenn IVW (Welche für alle großen seiten wie loaklisten, spiegel etc.) ebenfalls IP speichern.

Aber wenn sich jemand freiwillig meldet vor Gericht endlich Klarheit für die Webmaster zu erkämpfen, würde mich

sehr freuen. Ich habe das Geld nicht.

r the criticism, frustrated, said: 'I am really bad luck, but also the teacher ran into.' There are a few people to understand their own luck, even to find fortune tellers to draw lots, and believe that the truth, so that the excuse of luck heavier. People who suffer from anxious excuse often attribute the frustration or failure of the cause to the bad luck Mens Air Jordan of the individual. He does not take lessons from the setbacks, fail to win, but sit good luck. And thus seriously hampered their own learning progress, to the point where the non-rule can not be. There are two ways to control: First, accept the Nike Air Presto Mens scientific concept of Official Nike Running Shoes causality. We all know the kind of melon melon, beans have beans the truth. We often say: 'a little hard work, a harvest,' you can learn the success of people and learning poor comparison, to see the success and failure caused by what causes the luck from the role of how much. And thus understand: good academic performance is hard to add a good way, not luck. Second, can not be delusional for nothing. By luck will not be successful, fortune tellers can not predict your future. Only by their own, by practice, by scientific methods, relying on their own hard work and struggle, is the way to the right path to success. (C) interest excuse Some students do not have a good academic performance, poor grades, ask them what is the reason, he will confidently said: 'I am not interested!' Some students said: 'I am not interested Authentic Nike Air Max Shoes in learning, I learn bad, I do not 'Do not want to learn to say no interest, do not want to do things that are not interested in something, these people often with excuse as an excuse to do their lazy do not want to do things, we call interest excuse The Interest is the main Air Max Shoes symptom of excuse is not willing to learn or do not want to do things, its essence is lazy: First, thinking lazy, the content of learning do not want to work hard, do not want to remember, more reluctant to think, so learn not; Second, lazy action, do not want to work hard, not to study hard, even the basic tasks are not completed.Visible, do not want to learn or work the main reason is lazy, not without interest.How to control it?The first is hard and serious, hard to seriously study will be harvested, there will be interest, it is no longer no interest as an excuse;

Second, the correct understanding of interest is not inherent, it is the result of effort, interest is acquired, is formed in the practice, but also constantly changing. (D) diligent excuse Diligence is an important factor in learning success, but hard work is not the only condition for success, in order to succeed in addition to hard work, but also need the method, the internal driving force and other factors. Some students one-sided emphasis on the importance of diligence and not take into account other important factors, once the test failed, still hold hard work, time-consuming, dead to learn, to comfort, as an excuse Nike LeBron basketball Shoes to say 'I did my best, Learn bad no way '. Some students learn to sleepless nights, hard work, can be called 'desperate Saburo', but the effect is Authentic Nike Shoes Sale not hesitate, only to heart comfort, 'I tried! I desperately! I deserved!' We said they are suffering Diligent excuse. How to prevent diligence and excuse? First, hard work and method, on the basis of hard work on the learning methods, improve learning efficiency; learn to remember and think, improve the quality of learning; firmly grasp and flexible use of knowledge; strengthen self-control ability, play the main spirit. In short, pay attention to learning methods and independent thinking is a cure for hard work. The second is to cultivate a strong interest in learning. In the hard work and improve the efficiency of learning conditions, experience the joy of learning, can enhance the interest in learning, interest and better learning effect. The third is to stimulate the deep level of learning motivation, that is, to further stimulate students' high-level knowledge, creativity and aesthetic needs. The study as their own high-level needs to meet, as an indispensable part of their lives, this time your potential to stimulate the highest level can be achieved. Only reckless, blind and regardless of the effect of hard-working excuse can be completely cured. Good at thinking, full of interest and diligence, is the basic guarantee of learning success. (E) environmental excuse Some students do not study hard, poor learning results are poor, not from their own subjective aspects to find the reasons, but complain about environmental conditions, the reasons for their own learning failure to the objective environment, this idea deeper and deeper can not extricate themselves Suffering from environmental excuses, they often complain that the school conditions are poor, life is poor, can not feel at ease learning; also complain about the classroom is not peace, the teacher lectures do not understand; also students poor family conditions and inferiority, Wearing money and so on, the treatment of this disease are the following: First, treat the environment correctly. It is difficult to ask the environment to adapt

hat I have never had before, and I'm no longer the 'I' who wants to hit it, and the basket is no longer the 'it' that I want to hit. We are no longer two opposite, and become one. Basketball from my hands cast, and then fall from the basket, the movement is natural. I do not have to think, even do not aim, just cast it wants. How can not the ball into it? No matter how many times to vote, can be invested. This moment makes me the first time I understand what is hundred, but also makes me really understand the world and myself. When I want to vote in the time for hundreds of hundred for me is indeed out of reach. On the contrary, when I completely give up the idea of "the vote, the hundred have become a natural thing. But this is one thing, just as I am back to the sun, see my shadow, and when I face the sun, see the light of the world shine, causing this difference is not a shadow or light, but I Direction. When I turn from the former to the latter, the world becomes bright for me from the shadow. Afterwards when I unconsciously recall this moment. I was suddenly in the wonderful place: there was no 'I', but it was 'I' to achieve, then I have never read about Buddhism, Zen books, just think this moment for I have a special meaning, it shows me and the world's original situation: I am not only in a desire of the world, and at the same time also exist in a quiet world, my meaning is not to get 'I 'The object of desire, and for the dedication' I 'myself, the world will come to me. Later, I read this sentence in the Buddhist scriptures: 'that no one is my name for me, that is, no one who is not the other side of the false gods, my name, such as Peter Peter' ('). I think this is the description of my shooting experience. If there is no personal experience, this sentence is incomprehensible, even if the understanding can only stay on the surface. So I understand the language is only a tool to clarify Buddhism, personal experience is the source of Buddhist living. Two thousand years ago, it was the Buddha's awakening under the Bodhi tree that laid the foundation for Buddhism. But Buddhism in Discount Nike Men Shoes the later development of the increasingly tedious theory of thinking, away from its source, greatly weakened the vitality of Buddhism. the capital of Beijing, the capital of the enemy directly threatened by the enemy as much as three times, known as the world's eighth miracle of the Zapatos Under Armour Curry Great Wall almost completely become furnishings. Ming Dynasty has long been dead, and towering the Great Wall is still stands. When countless tourists boarded the Great Wall lamented its majestic momentum, if you also clearly understand the truth of these words, I do not know what feelings? To replace the Ming Dynasty ruled China's Qing Dynasty in its nearly 300 years of history, almost no longer add a brick to tile, but Mongolia did not have the opportunity to invade the way into the Central Plains. The Qing did not rely on the so-called Great Wall guard, but the organization of the army put the battlefield outside the Great Wall of the land, really defeated the enemy, and then the whole of Mongolia and Xinjiang into their own territory. So, the loss of adventure and enterprising spirit and lies in the so-called technology, patents and market share of the big companies are no hope. This world is not the collapse of the fortress, the attack is the best defense. The precarious empire After the death of Emperor Yong's emperor Zhu Di, his descendants in the character Colors of California Scarpe of the pros and cons of different, but almost did not really have a big talent, to dry out, reorganize the mountains and rivers of the characters, but rather out of a lot of similar Zhengde , Jiajing, Wanli and Apocalypse such UGG Orejeras rojo a treasure. If you change to a relatively stable era, he may also Nike Air Max Shoes Outlet be the Adidas Scarpe ancestral shrine when a Taiping emperor, in the history of the reputation is not bad, can be biased to his hand when the time is already a thorough mess. So he had to work hard to deal with, but the more efforts he was more chaotic, in addition to his early to kill Wei Zhongxian outside, his other work almost did not play any positive role, if not let things worse. Kill Yuan Chonghuan be one of the most famous example, and he was in power for 17 years, the cabinet Fu Chen for the fact that 50 is reflected in his ineffective and quick success. Not only that, he is a person who likes to evade responsibility. At first, in the case of erosion, the Ming dynasty

had a great opportunity and peace talks. The peace talks seemed to moncler outlet sito ufficiale be a very shameful thing at the time, but it was greatly beneficial for easing the military pressure in the Ming dynasty. During this period, not Zapatos Nike Shox only Li Zicheng, Zhang Xianzhong and other uprising army due to take the big, off the Manchu army also continue to infestrate the mainland.
